

International Conference on Advances in Hematology and Oncology

The Coeur d'Alene Resort, Coeur d'Alene, Idaho.

August 28-29, 2015

<http://oncology.binayfoundation.org>

BINAYTARA FOUNDATION

Chair's Message

Dear Colleagues,

On behalf of the organizing committee, I welcome you to participate in the International Conference on Advances in Hematology and Oncology on August 28-29, 2016 at The Coeur d'Alene Resort, Coeur d'Alene, Idaho.

This conference has become an hallmark of the impact that the Binaytara Foundation has made in inland Northwest, gathering every year experts who present updated results of translational and clinical research in hematology and oncology and provide valuable opportunities to discuss and understand what can be offered to patients whose cure remains the main goal for all of us.

This year the Conference has grown into an international venue where young and senior investigators have the chance to share their own research with colleagues from all over the world. The Conference will focus on the discoveries that have led to the development of new biomarkers for patient-specific diagnostic or prognostic stratification, and of new treatments based on targeting driving mutations, or molecules tested in phase 1 clinical trials, or immunotherapy strategies that have strengthened the anticancer activity beyond chemo-radiotherapy.

The mission of the Binaytara Foundation that supports this conference, joined with enthusiasm by multiple generous sponsors, is to make a difference in people's life by promoting medical education and developing clinical policies and infrastructures. This conference has the goal to make every participant actively engaged in the growth of our knowledge of hematology and oncology and to contribute to the mission of the Binaytara Foundation.

The Coeur d'Alene Resort offers a spectacular landscape in one of the most beautiful lakes of the Northwest and will allow the participants to enjoy a magical blend of science and beauty.

We really hope that you and your colleagues will join us and look forward to seeing each of you at Coeur d'Alene.

Damiano Rondelli, MD

Chair

Michael Reese Professor of Hematology

Chief, Division of Hematology/Oncology | Director, Blood & Marrow Transplant

University of Illinois Hospital & Health Sciences System

Target Audience

- **Hematologists • Oncologists • Surgeons • Radiation Oncologists**
- **Primary Care Providers • Nurses • Oncology Pharmacists**
- **Basic Science and Clinical Researchers**

Educational Objectives

At the conclusion of this activity, participants will be able to:

- a) Recognize factors that affect the diagnosis, staging, and prognosis of patients with hematologic malignancies and solid tumors
- b) Explain indications and contraindications of treatments used for hematologic malignancies and solid tumors
- c) Discuss emerging therapeutic options for treating patients with hematologic malignancies and solid tumors with colleagues and patients
- d) Interpret and practice relevant data presented at ASCO 2015 meeting.

CME Credit

The Ada Canyon Medical Education Consortium is accredited by the Idaho Medical Association and the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Ada Canyon Medical Education Consortium designates

this live activity for a maximum of **12.50 AMA PRA Category 1**

Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Abstract Submission Guideline

Abstract Submission Deadline: Tuesday, June 30th, 2015, 11:59 PM PST

Abstract Decision: Authors will be notified of acceptance or rejection via e-mail within 4 weeks of submission.

We will accept abstracts in the following categories:

1. Basic science research 2. Clinical research 3. Case reports 4. Health outcome research

Access the abstract submission guideline here - http://oncology.binayfoundation.org/abstract_policy/

Email your abstract to hemeonc@binayfoundation.org

Accepted abstracts will be published in the Anticancer Research Journal.

Program Agenda

August 28, 2015

Panel session on myeloid neoplasms

Acute myeloid leukemia – new updates - 9:30 – 10:05 am

Speaker: Dr. Roland Walter

Changing scenarios in the treatment of Philadelphia negative myeloproliferative neoplasms - 10:05 – 10:40 am

Speaker: Dr. Damiano Rondelli

Panel discussion 10:40 – 11:00 am

Panel session on other lymphoid neoplasms

Updates in multiple myeloma – 11:00 – 11:35 pm

Speaker: Dr. Shaji Kumar

CLL – treatment strategies in the era of novel agents – 11:35 – 12:10 pm

Speaker: Dr. Farhad Ravandi

Panel discussion 12:10 – 12:30 pm

Lunch/Networking/Poster session 12:30 – 1:30 pm

Panel session on Breast cancer

Considerations in breast conservative surgery - 1:30 – 2:05 pm

Speaker: Dr. Sallee Jones

Evolution in therapy of metastatic breast cancer - 2:05 – 2:40 pm

Speaker: Dr. Mohammad Jahanzeb

Panel discussion 2:40 – 3:00 pm

Panel session on Head and Neck cancer/Melanoma

Neoadjuvant and adjuvant therapy considerations in Head and Neck cancer - 3:00 – 3:35 pm

Speaker: Dr. Prakash Neupane

Metastatic malignant melanoma – ipilimumab and beyond - 3:35 – 4:10 pm

Speaker: Dr. John Thompson

Updates in Glioblastoma multiforme 4:10 – 4:40 pm

Speaker: Dr. Sarah Taylor

Panel discussion 4:40 – 5:00 pm

Abstract sessions 5:00 – 6:00 pm

Register online at <http://oncology.binayfoundation.org>

August 29, 2015

Panel session on Lymphomas

Management of follicular lymphomas – new updates – 8:00 – 8:35 am

Speaker: Dr. Binay Shah

High risk diffuse large B cell lymphoma – Management approach 8:35 – 9:10 pm

Speaker: Dr. Parameswaran Venugopal

Panel discussion 9:10 – 9:30 am

Panel session on Thoracic malignancies

Non small cell lung cancer – Using molecular biology for advanced first line and progressive disease treatment
9:30 – 10:05 am

Speaker: Dr. Heather Wakelee

Immunotherapy in advanced lung cancer - 10:05 – 10:40 am

Speaker: Dr. Arvind Chaudhry

Panel discussion 10:40 – 11:00 am

Panel session on GI malignancies

Metastatic colon cancer – Why choices matter in bettering outcomes - 11:00 – 11:35 am

Speaker: Dr. Axel Grothey

Recent advances in management of advanced pancreatic cancer - 11:35 – 12:10 pm

Speaker: Dr. Arkadiusz Dudek

Panel discussion 12:10 – 12:30 pm

Lunch/Abstract session 12:30 – 1:30 pm

Oral abstract session 1:30 – 2:30 pm

Panel session on GU malignancies

Metastatic prostate cancer – Management in the era of novel agents - 2:30 – 3:05 pm

Speaker: Dr. Evan Yu

Radiotherapy in prostate cancer – recent advances - 3:05 – 3:40 pm

Speaker: Dr. Karie-Lynn Kelly

Panel discussion 3:40 – 4:00 pm

Faculty

Axel Grothey, M.D.

Professor of Oncology
Mayo Clinic College of Medicine

Shaji Kumar, M.D.

Professor of Medicine
Mayo Clinic College of Medicine

Damiano Rondelli, M.D.

Professor of Medicine
University of Illinois at Chicago

Parameswaran Venugopal, M.D.

Professor of Medicine
Rush University Medical Center

Evan Y. Yu, M.D.

Associate Professor of Medicine
University of Washington School of Medicine

Karie-Lynn Kelly, M.D.

Radiation Oncologist
Spokane CyberKnife & Radiation Oncology

Binay Shah, M. D.

Medical Oncologist/Hematologist
St. Joseph Regional Cancer Center and Blood Institute

Arvind Chaudhry, M.D., PhD

Medical Oncologist / Hematologist
Spokane Valley Cancer Center

Brian Samuels, M. D.

Medical Oncologist / Hematologist
Northwest Oncology/Spokane Valley Cancer Center

Mohammad Jahanzeb, MD, FACP

Professor of Clinical Medicine, Hematology/Oncology
University of Miami Miller School of Medicine

John A. Thompson, M.D.

Professor of Medicine
University of Washington

Farhad Ravandi, M.D.

Professor of Medicine,
M. D. Anderson Cancer Center, Texas

Arkadiusz Dudek, M.D.

Professor of Medicine
University of Illinois at Chicago (UIC)

Sarah Taylor, M. D.

Professor of Medicine
University of Kansas Medical Center

Heather Wakelee, M.D.

Associate Professor of Medicine
Stanford University Medical Center

Prakash Neupane, M.D.

Assistant Professor of Medicine
University of Kansas Medical Center

Sallee Jones, D. O.

Surgeon
St. Joseph Regional Medical Center

Somasundaran Subramaniam, M.D.

Hematologist/Oncologist
Swedish Cancer Institute in Seattle

Juan Mejia, M.D.

Surgeon, Liver and Pancreas Surgery services
Providence Health and Services, Spokane

Dinesh Pendharkar, M.D.

Consultant, Medical Oncology
Asian Institute of Oncology, Mumbai, India.

Accommodation

A limited number of rooms have been booked at the Coeur d'Alene resort for the conference attendees. All reservations should be made by July 18th, 2015 to receive the discounted rate listed below. Please contact the hotel at the address below to reserve your room.

The Coeur d'Alene resort

115 South Second Street, Coeur d'Alene, ID 83816-1941

Direct: 208-765-4000

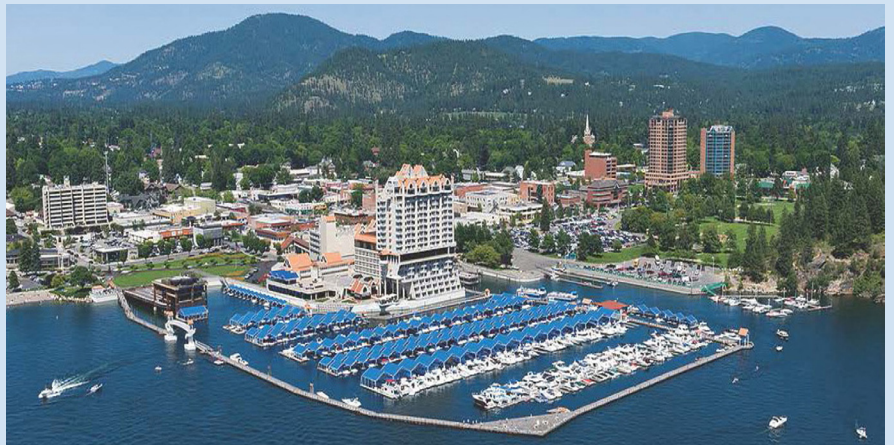

Reservations: 855-999-7998

RATES

Lake Tower - \$ 319.00/night

Park Tower - \$ 259.00/night

North Wing - \$ 219.00/night

Transportation

The Spokane International Airport (GEG) is less than 30 minutes drive from the conference venue.

Ground Transportation - The Coeur d'Alene resort currently provides 6-passenger LimoVan service to and from the Spokane International Airport. This service is available with twenty-four (24) hour advanced reservations. The current fee is \$69.00 per person, round trip; \$10.00 per child ages 0 – 11, round trip. An 8-passenger stretch limousine and a 36-passenger Motorcoach are also available. Please inquire regarding rates and additional services.

The city is also well served by taxi cabs. Rental car services are also located at the airport.

About Binaytara Foundation (BTF)

The Binaytara Foundation (BTF) is a 501(c)3 non profit established in 2007 with the goal of promoting health and education in resource poor communities. BTF has a special consultative status with the United Nations Economic and Social Council (ECOSOC).

Mission Statement :

The Binaytara Foundation seeks to improve healthcare in resource poor communities and improve cancer care worldwide by collaborating with national and international organizations to: develop healthcare manpower in underserved areas; improve access to cancer care by establishing direct care facilities and services; promote the practice of evidence based medicine by providing research grants to young physicians and healthcare providers in training; improve knowledge and competence of healthcare professionals by offering them continuing educational materials through live and virtual meetings, webinars, and other educational forums.

Registration form

International conference on Advances in Hematology and Oncology

August 28-29, 2015

Full Name _____

Title/Designation _____

Affiliation _____

Address _____

Phone _____

E-mail _____

Registration Fees :

Physician – \$300 if registered by July 30th, \$350 if registered after July 30th.

RN/NP/PA/PharmD – \$125 if registered by July 30th, \$175 if registered after July 30th.

Researcher/fellow/resident – \$125 if registered by July 30th, \$175 if registered after July 30th.

Student – \$75 if registered by July 30th, \$125 if registered after July 30th.

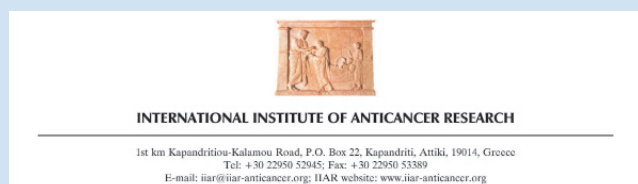

Industry – \$350 if registered by July 30th, \$400 if registered after July 30th.
